Company Overview

Servline stands as a premier provider of industrial engineering solutions and authentic industrial parts, dedicated to supporting manufacturers and production facilities throughout Pakistan. Our comprehensive services encompass the entire lifecycle of industrial equipment, including automation, machine installation, commissioning, coding & labeling, and packaging solutions. We also specialize in solar energy systems, water treatment, and both preventive and corrective maintenance, ensuring that all aspects of a facility's operations are optimized for efficiency and reliability. By sourcing genuine spare parts and offering unparalleled technical expertise, Servline aids businesses in enhancing operational efficiency, reducing downtime, and maintaining robust production performance. Our unwavering commitment to quality, reliability, and long-term customer support positions us as a trusted partner in the industrial sector, striving to meet the unique needs of each client and drive the success of manufacturing industries across Pakistan.

Mission

To ensure uninterrupted industrial operations by delivering reliable engineering solutions, genuine industrial parts, and responsive technical support. We are committed to helping our customers maximize equipment performance, minimize downtime, and maintain efficient, sustainable production through integrity, technical expertise, and dependable service.

Vision

To become the trusted first choice for plant engineers and industrial manufacturers across Pakistan, providing dependable support for every stage of production—from genuine spare parts and urgent breakdown assistance to complete new production line solutions.
We aspire to build lasting partnerships through reliability, technical excellence, responsiveness, and a deep understanding of our customers' industrial needs.

Core Values

Genuine

We are committed to supplying genuine, high-quality industrial products and components. .

Accountable

We take end-to-end responsibility for every customer requirement—from the initial enquiry and product sourcing to installation, commissioning, after-sales service, and spare-parts support. Our customers have one accountable team throughout the process.

Engineer-Led

Our solutions are guided by practical engineering expertise and industrial application knowledge, not simply product part numbers. We understand the equipment, process, and operating requirements behind every solution we recommend.

Our Services

Servline provides integrated industrial engineering, automation, machinery, and industrial parts solutions designed to support manufacturing operations throughout their equipment lifecycle.

Industrial Automation

Automation solutions designed to improve production efficiency, process reliability, and operational control.

Machine Installation & Commissioning

Professional machine installation, commissioning, and technical support to ensure equipment is properly integrated and ready for production.

Coding & Labeling

Reliable coding, marking, and labeling solutions for accurate product identification and production-line requirements.

Packaging Solutions

Industrial packaging solutions that support efficient, consistent, and reliable production processes.

Industrial Maintenance & Technical Support

Preventive and corrective maintenance services, troubleshooting, and technical support to help minimize downtime and maintain equipment performance.

Genuine Industrial Spare Parts

Sourcing and supply of genuine industrial spare parts and components from trusted manufacturers and suppliers.

Solar Energy Solutions

Industrial solar energy solutions designed to support energy efficiency, operational continuity, and long-term cost management.

Water Treatment Solutions

Water treatment systems and solutions tailored to industrial applications and specific process requirements.

OUR COMMITMENT

We sincerely appreciate the opportunity to serve you and trust that our quotation meets your requirements. We look forward to building a strong and lasting business relationship with you and to receiving your valued order.

Services

- Industrial Automation
- PLC, SCADA, Drives & Control Panels
- Factory Automation
- Motion Control & Drives
- Energy Monitoring
- Coding, Marking & Labeling Systems
- Inkjet & Laser Coders
- Labeling Machines
- End-of-Line Packing
- Machine Supply & Installation
- On-Site Technical Support
- PLC/Drive/Sensor/Panel Troubleshooting
- Solar Energy Systems
- RO & Water Treatment
- Annual Maintenance Contracts
- Industrial & Electrical Spare Parts

Products

- DOCOD
- Pepperl+Fuchs
- SICK
- Murrelektronik
- Siemens
- Schneider Electric
- KATKO
- WAGO
- Fotek
- Pilz
- LEDVANCE
- TOMZN
- Ellumeno
- Walther-Werke
- Fast Cables
- GM Cables

Engineeering Store Categories

- Circuit Breakers
- Distribution Panels
- Contactors & Motor Starters
- Drives & Motion
- Controllers
- Sensors
- Relays & Accessories
- Push Buttons & Indicators
- Switches
- Power Supplies
- Cables
- Coding & Marking

Industries We Serve

- Food & Beverage
- Pharmaceutical
- Textile
- Packaging
- FMCG
- Dairy
- Bottled Water
- Plastics & Chemicals

SERVLINE

Engineering Solutions & Store

DOCOD®

DOCOD Inkjet, TTO & Laser Coding Printers

DOCOD provides a comprehensive range of industrial coding and marking solutions, including Continuous Inkjet (CIJ), Large Character, Thermal Inkjet (TIJ), Handheld, Thermal Transfer Overprinting (TTO), and Laser Coding Systems.

SERVLINE provides complete supply, installation, commissioning, programming, and after-sales technical support for DOCOD coding solutions across Pakistan, helping manufacturers achieve reliable, high-quality and efficient product identification and traceability.

PEPPERL+FUCHS

Pepperl+Fuchs Sensors & Intrinsic Safety Solutions

SERVLINE supplies genuine Pepperl+Fuchs industrial sensing and intrinsic safety solutions, including Inductive, Capacitive, Photoelectric and Ultrasonic Sensors, along with K-System Intrinsic Safety Barriers.

Products are supplied against the exact manufacturer type code, ensuring accurate product identification, compatibility and reliable performance. We also provide professional technical assistance, product selection and application support for industrial automation requirements across Pakistan.

SICK

Sensor Intelligence.

SICK Sensors, Encoders & Safety Solutions

SERVLINE supplies genuine SICK sensing, identification and safety solutions, including Proximity, Photoelectric, Contrast and Fork Sensors, Encoders, and Safety Light Curtains.

Products are supplied against the exact manufacturer type code or order number, ensuring accurate product identification, compatibility and dependable performance. We also provide technical assistance and application support for industrial automation and machine safety requirements across Pakistan.

SERVLINE

Engineering Solutions & Store

MURR

Murrelektronik Power Supplies, Cordsets & I/O Solutions

Genuine Murrelektronik industrial connectivity and power solutions, including Emparro Power Supplies, MICO Electronic Circuit Protection, MIRO Relays, M12 Cordsets and IP67 I/O Systems.

Products are supplied against the exact manufacturer article number, ensuring accurate product identification, compatibility and reliable performance. SERVLINE also provides professional product selection and technical support for industrial automation applications across Pakistan.

SIEMENS

Siemens PLCs, Drives, Control & Protection Solutions

Genuine Siemens industrial automation and electrical solutions, including SIMATIC PLCs & Automation Systems, SINAMICS Drives, SIRIUS Control Components, SENTRON Protection & Distribution Products, and SITOP Power Supplies.

Products are supplied against the exact manufacturer order code, ensuring accurate identification, compatibility and reliable performance. SERVLINE provides product selection, technical assistance and delivery support for industrial automation and electrical requirements across Pakistan.

Schneider Electric

Schneider Electric Automation, Control & Protection Solutions

Genuine Schneider Electric industrial automation and electrical solutions, including TeSys Contactors & Motor Control, Altivar Drives, Acti9 Protection Devices, Harmony Control & Signaling Components, and Modicon PLCs & Automation Systems.

Products are supplied against the exact commercial reference, ensuring accurate product identification, compatibility and dependable performance. SERVLINE provides product selection, technical assistance and delivery support for industrial automation and electrical requirements across Pakistan.

SERVLINE

Engineering Solutions & Store

KATKO

KATKO Isolators & Safety Switching Solutions

Genuine KATKO industrial isolators and safety switches, including enclosed isolators in Polycarbonate, Stainless Steel, Aluminium and Steel, along with EMC-rated, Fire-rated and Changeover Switches.

SERVLINE provides reliable KATKO switching solutions for industrial electrical and automation applications, with product selection, technical assistance and delivery support across Pakistan.

WAGO

WAGO Connectivity, Terminal & Power Solutions

Genuine WAGO industrial connectivity and control solutions, including Lever Connectors, TOPJOB® S Terminal Blocks, Relay Modules, Power Supplies and PFC Controllers.

Products are supplied against the exact manufacturer item number, ensuring accurate product identification, compatibility and reliable performance. SERVLINE provides product selection, technical assistance and delivery support for industrial automation and electrical applications across Pakistan.

FOTEK

Fotek Automation, Control & Sensing Solutions

Genuine Fotek industrial automation and control products, including Solid State Relays (SSRs), Temperature Controllers, Proximity & Photoelectric Sensors, Timers and Protection Relays.

Products are supplied against the exact manufacturer model number, ensuring accurate product identification, compatibility and dependable performance. SERVLINE provides product selection, technical assistance and delivery support for industrial automation applications across Pakistan.
